Subject: OCSPP Contract Contribution for Regulatory Reform Public Comment Summary (Docket EPA-HQ-OA-2017-0190)

Good afternoon!

As you know, EPA is generally hooking into an OAR contract vehicle to help sort and summarize the public comments (50K and counting) that are being submitted to the Agency's centralized docket. OCSPP's expected contribution to the contract is \$10,000 for the entire AAShip, as I have received general instructions from OAR to pass along regarding assignment of funds. Before I send these to our respective program offices, please let me know at your earliest convenience if you have any additional instructions (e.g., should OCSPP's contribution be split 50/50 between OPP and OPPT?)

Best,

Peter
